

MMDP – What's Next

- Face to face meetings on particular topic; example, Fedora Commons. Bring laptops.
- RDPP, expand on what was done today. Everyone is in same boat, just different sizes.
- “Fail Camp”: share what hasn't worked. Best practices are often difficult or impossible to follow. “How did you break it” sharing.
- What is “good enough practice”? “Bad Practice”?
- Tools workshop: small apps useful in processing and preservation. Tool camp. Ala Carte Tool day.
- Next MMDP at Grand Valley? Need to explore virtual presentations so more can “attend”.

Upcoming meetings:

- Michigan Regional Digital Preservation Practitioners
<http://digitalpreservationpractitioners.wordpress.com/>
 - Monday, August 26th at University of Detroit Mercy 6-9pm
